Capstone Remote Monitoring System (User Edition)

This document presents the control and monitoring features for the User Edition Capstone Remote Monitoring System (CRMS) software.

Chapter 16: Printing Panels

This chapter presents information relevant to printing a specific window or panel.

All panels can be printed. To print a specific window or panel, select the panel you wish to print, and then select the Print icon from the Windows Menu Toolbar.

Notice that the Strip Chart panel has its own **Print** control button.
